

DBU Dedicates

the

EBBY HALLIDAY CENTER

DBU recently hosted a special dedication service for the Ebbby Halliday Center. Located in the heart of the Colonial Village, the Ebbby Halliday Center serves as a home away from home for the over 450 students who live in the DBU apartments. The Center is equipped with a swimming pool, arbor, conference rooms, faculty offices, a large living room, and a fully functional kitchen.

Ebbby Halliday Acers began her real estate company in 1945 during the post-war housing boom. Since that time, she has grown Ebbby Halliday Realtors to become one of the largest independently owned residential real estate companies in the world.

Over the years, Ebbby has given generously of her time and money to various organizations, including DBU. In recognition of her generosity, DBU presented her with an honorary doctorate in 1995 and, along with her late husband Maurice Acers, the Russell H. Perry Free Enterprise Award in 1990.

"Ebbby is such a wonderful person and loved by so many here at DBU and throughout North Texas," said DBU President Dr. Gary Cook. "It is such an honor for us to have this new, beautiful building named in her honor on our campus."
