Writing a Thesis

1 Assignment
Make sure you understand the assignment.

2 Topic
Choose an appropriate topic based on the subject matter.

3 Support
Think of what you know about the topic. You will use these ideas as support in your body paragragh.

4 Categories
Categorize your support based on patterns you notice.

5 Thesis
Address your categories in the thesis. This lets the reader know what to expect in reading your paper.

Analyze a farm animal

Cow

has a heart

has spots

produces milk

has a liver

has good meat quality

has organs

is pleasing to the eye

supplies food

A cow is a farm animal that has **organs** to keep itself alive, a **physical beauty** that pleases one to look at, and a **supply of nutrients** that can enhance a person's health and physique.
